

POLITEIA-Project - Evaluation of the first project period

POLITEIA-Project - Evaluation of the Stuttgart meeting, 21.11.-25.11.2013

What did you like most at the meetings at school?

- I did like to work and talk to other international guys about the attitudes of our parents
- The discussions in the in the international groups.
- That I got to know people.
- That everybody was nice to each other and how we all cooperated.
- When we had to write down our national groups's discussion results. I felt that we had good communication in the group
- The visit of the European parliament was very interesting. It was a good trip.

I'm really happy for this experience and I would like to try again another experience like this one
Great time!
